## **UNIPART GROUP ENHANCES UNIPART CAR CARE CENTRE PROPOSITION**

Unipart Group confirms its commitment to develop the Unipart Car Care Centre proposition to make it even more compelling for both garages and motorists alike. It is committed to making its network of independent Unipart Car Care Centre garages more robust than ever.

As well as maintaining its strong [www.uccc.co.uk](http://www.uccc.co.uk) online presence for its members, Unipart Car Care Centres will continue to offer all the existing benefits including the popular Nationwide Guarantee Promise, Unipart Car Care Centre of the Year programme and local marketing support programmes. Over the coming weeks, Unipart will be introducing new offerings that will further enhance the benefits provided to the Unipart Car Care Centre network.

Unipart Group will be continuing to provide Original Equipment quality parts which will be distributed to the Unipart Car Care Centre and independent garage networks by Andrew Page, The Parts Alliance and Express Factors.

“We have been working with Unipart Car Care Centres to ensure that they know the Unipart Car Care Centre programme is unaffected and is here to stay,” said Tony Sackett, a Director at Unipart Group.

“Unipart Car Care Centres will still be able to offer the popular Nationwide Guarantee Promise to consumers and Unipart Group will be honouring the guarantee and warranty on all Unipart branded products supplied by Unipart Group and on any products purchased since 24<sup>th</sup> July 2014.

“We want to say that we are here, we are open for business and the future is bright. We are working on a number of improvements to our automotive proposition and we are in a strong position to develop the network further and become an even more compelling choice for motorists.”

Upon hearing the news, Ivor Stamp, from Days Garage, a Unipart Car Care Centre, commented, “The news that Unipart Group is continuing to grow and improve the Unipart Car Care Centre programme comes as a huge relief to the network and we look forward to growing the relationship with Unipart Group and enhancing the benefits for our customers.”
